Summary

Innovative and user-centric UI/UX Designer with a proven track record of blending traditional design methodologies with modern, AI-augmented workflows. Adept at translating complex user needs into simple, intuitive digital experiences while balancing aesthetic creativity with strict functionality. Experienced in leveraging generative design tools for rapid prototyping and utilizing AI insights to streamline user research. A highly collaborative professional who thrives in cross-functional teams to deliver scalable, guideline-consistent, and high-usability products.

Professional Experience

Product Designer

COMUNIFY SERVICES LLP 

01/2026 – Present

Trivandrum, India

- Manage the product design lifecycle for ComUnify, turning business needs into intuitive user interfaces.
- Work with product managers and developers to align strategy and drive user solutions.
- Govern a unified design system in Figma, improving designer-developer handoff and reducing front-end timeline by 30%.
- Conduct user research and testing to optimize onboarding.

Associate UI/UX Designer

ACROCEDE TECHNOLOGIES PVT. LTD. 

11/2021 – 01/2026

Trivandrum, India

- Spearheaded visual and interaction design for the core ComUnify product suite (then under internal incubation at Acrocede), leading it from initial concept to a mature market product.
- Developed wireframes, mockups, and prototypes to align expectations and enable user testing.
- Gained proficiency in UX methodologies, conducting user research, creating personas, and user journey maps.
- Collaborated with engineering teams using Azure DevOps and Agile to ensure design implementation across platforms.

UI/UX Designer Trainee

TECHBYHEART INDIA PVT. LTD. 

05/2021 – 10/2021

Kochi, India

- Collaborated with product managers and UX designers to create user interfaces.
- Created responsive web layouts and mobile UIs with Figma, Adobe XD, and Framer, using component libraries to speed up projects.

UI/UX Designer Intern

TECHBYHEART INDIA PVT. LTD.

01/2021 – 05/2021

Kochi, India

- Created mockups, wireframes, and marketing materials for projects.
- Conducted user tests, noted feedback, and created UI assets for developers.

Education

Bachelor of Technology in Electronics and Communication Engineering

08/2016 – 09/2020

Kochi, India

Govt. Model Engineering College, Thrikkakara, Kochi

Elected to Chairperson for National Service Scheme, MEC unit in 2019.
